

Edward C. Gregor

Biographical Sketch

Edward C. Gregor is Managing Director of Edward C. Gregor & Associates, LLC, a consulting company specializing in new business development and the creation of growth for companies having new or under-exploited technologies, patents or manufacturing capabilities in the specialty polymer, fibers and textile/nonwoven fabrics markets. Mr. Gregor also is active with Merger and Acquisition pursuits for companies in the filtration, fibers and nonwoven fabric industries.

Ed Gregor is co-founder of the American Filtration & Separations Society in 1987, and has served as past Chairman in 1990 and again in 2004. Gregor was presented the title of Filtration Fellow by the Society in 2002. Ed is the chairman of Filtration News magazine technical advisory board and on the textile advisory board of the Journal of Industrial Textiles and Coated Fabrics. He was the co-founder and Editorial Consultant of Technical Textile Technology (T³) magazine.
