The Battelle Study

Status: Pending

Category: 1 Water Filtration

Vincent Kent

Abendroth Water, Fort Atkinson, WI, United States

Water softeners do far more than provide a luxurious bubble bath for the Mrs. Softened water saves energy, saves detergents and chemicals and protects appliances. It has proven to be one of the "greenest" pieces of equipment you can own. The recently completed Battelle Study will be one of the most important studies ever done to demonstrate the benefits of softened water.
